SOCIAL MEDIA POLICY

At Signal Health Group of San Diego, we understand that social media can be a fun and rewarding way to share your life and opinions with family, friends and co-workers around the world. However, use of social media also presents certain risks and carries with it certain responsibilities. To assist you in making responsible decisions about your use of social media, we have established these guidelines for appropriate use of social media.

This policy applies to all personnel, direct hire or contracted, who provide care and services on behalf of Signal Health Group of San Diego to patients on our service.

To be in compliance of HIPAA regulations, it is the policy of our Agency, that, at no time, shall any type of patient information of any kind, be included in any social media utilized by Agency staff.

PROCEDURES:

In the rapidly expanding world of electronic communication, social media can mean many things. Social media includes all means of communicating or posting information or content of any sort on the Internet, including to your own or someone else's web log or blog, journal or diary, personal web site, social networking or affinity web site, web bulletin board or a chat room, whether or not associated or affiliated with Signal Health Group of San Diego, as well as any other form of electronic communication.

Before creating online content, consider some of the risks and rewards involved. Keep in mind that any of your conduct that adversely affects your job performance, the performance of fellow associates or otherwise adversely affects members, customers, suppliers, people who work on behalf of Signal Health Group of San Diego or the legitimate business interests of Signal Health Group of San Diego, or violated any HIPAA privacy laws, may result in disciplinary action up to and including termination.

Carefully read these guidelines, our Agency Ethics Policy, HIPAA Information, and Discrimination Policy, and ensure all of your postings are consistent with these policies. The same principles and guidelines found in our policies and three basic beliefs apply to your activities online:

- **BE Fair**
- **BE Respectful**
- **BE Honest**

Be Respectful

Inappropriate postings that may include discriminatory remarks, harassment, and threats of violence or similar inappropriate or unlawful conduct will not be tolerated and may subject you to disciplinary action up to and including termination. **Online discrimination and harassment is prohibited.**

Be Fair

Always be fair and courteous to fellow associates, customers, members, suppliers or people who work on behalf of Signal Health Group of San Diego. Also, keep in mind that you are more likely to resolve work-related complaints by speaking directly with your co-workers or by utilizing our Open Door Policy, than by posting complaints to a social media outlet. Nevertheless, if you decide to post complaints or criticism, avoid using statements, photographs, video or audio

that reasonably could be viewed as malicious, obscene threatening or intimidating, that disparage customers, members, associates or suppliers, or that might constitute harassment or bullying or violate any HIPAA laws. Examples of such conduct might include offensive posts meant to intentionally harm someone's reputation or posts

that could contribute to a hostile work environment on the basis of race, sex, disability, religion or any other status protected by law or company policy.

Be Honest & Accurate

Make sure you are always honest and accurate when posting information or news, and if you make a mistake, correct it quickly. Be open about any previous posts you have altered. Remember that the Internet archives almost everything; therefore, even deleted postings can be searched. Never post any information or rumors that you know to be false about Signal Health Group of San Diego, fellow associates, members, customers, suppliers, or people working on behalf of our Agency or competitors. And NEVER about clients or patients of our Agency. To do so is in violation of HIPAA privacy laws.

SOCIAL MEDIA GUIDANCE

Maintain the confidentiality of our Agency private & confidential information. This may include information regarding the development of systems, processes, products, know-how and technology and any & all patient information. Do not post internal reports, policies, procedures or other internal business-related confidential communications.

Respect financial disclosure laws. It is illegal to communicate or give a “tip” on inside information to others so that they may buy or sell stocks or securities. Such online conduct may also violate the Insider Trading Policy.

Do not create a link from your blog, website or other social networking site to a Signal Health Group of San Diego website without identifying yourself as a Signal Health Group of San Diego associate.

Express only your personal opinions. Never represent yourself as a spokesperson for Signal Health Group of San Diego. If our Agency is a subject of the content you are creating, be clear and open about the fact that you are an associate and make it clear that your views do not represent those of Signal Health Group of San Diego, fellow associates, members, customers, suppliers or people working on behalf of our Agency. If you do publish a blog or post online related to the work you do, make it clear that you are not speaking on behalf of Signal Health Group of San Diego. It is best to include a disclaimer such as “The postings on this site are my own and do not necessarily reflect the views of Signal Health Group of San Diego.”

Refrain from using social media while on work time or on equipment we provide, unless it is work-related as authorized by your manager or consistent with the Company Equipment Policy. Do not use Signal Health Group of San Diego email addresses to register on social networks, blogs or other online tools utilized for personal use.

Retaliation is prohibited. Signal Health Group of San Diego prohibits taking negative action against any associate for reporting a possible deviation from this policy or for cooperating in an investigation. Any associate who retaliates against another associate for reporting a possible deviation from this policy or for cooperating in an investigation will be subject to disciplinary action, up to and including termination.

Media contacts. Associates should not speak to the media on Signal Health Group of San Diego's behalf without contacting the Administrator. All media inquiries should be directed to them.

DRESS CODE

Employee dress should be neat in appearance. Our Agency employees are invited to dress “business casual” in a manner consistent with a professional atmosphere. The impression made on customers, visitors and other employees and the need to promote company and employee safety should be kept in mind.

Our Agency requires it's field staff to wear scrubs. Scrubs both present a professional “medical” image and protect your good clothes from damage and/or wear. Our Agency does not replace clothing damaged from normal on the job usage while providing home care services to our patients.

All field staff must wear their Agency picture ID badge on their person while making home visits. Should your ID be lost or damaged it is your responsibility to come to the office for a replacement.

EMPLOYEE SIGNATURE: _____ DATE: _____

SEXUAL HARASSMENT

Our Agency will not allow any form of sexual harassment within the work environment.

Sexual harassment interferes with work performance and creates an intimidating, hostile or offensive work environment. Sexual harassment influences or tends to affect the career, salary, working conditions, responsibilities, duties or other aspects of career development of an employee or prospective employee. It will not be tolerated.

Sexual harassment, as defined in this policy, includes, but is not limited to, sexual advances, verbal or physical conduct of a sexual nature, visual forms of a sexual or offensive nature (e.g., signs and posters) or requests for sexual favors.

Any intentional sexual harassment is considered to be a major violation of company policy and will be dealt with accordingly by corrective counseling and/or suspension or termination, depending upon the severity of the violation.

- **Sexual Abuse/Harassment:** Our Agency prohibits and has a zero tolerance Policy for sexual abuse in the workplace or in any organizational related activity by anyone associated in any way with the Agency. The organization provides procedures for employees, volunteers, family members, board members, patients, victims of sexual abuse, or others to report sexual abuse and disciplinary penalties for those who commit such acts. No employee, volunteer, patient or third party, no matter his or her title or position has the authority to commit or allow sexual abuse.

Reporting of Suspected Sexual Abuse: If you are aware of or suspect sexual abuse taking place, it must be immediately reported to the Administrator or another person designated such as a human resource person. If the suspected abuse is to an adult, it shall be reported to the state Adult Protective Services Agency. If it is a child who is the victim it should be reported to the state Child Abuse Agency or you can call the Child Help's National Child Abuse Hotline, 1-800-422-4453. Appropriate family members should be notified of alleged instances of sexual abuse.

The Agency shall also report the alleged sexual abuse incident to their insurance agent.

ANTI-RETALIATION

Signal Health Group of San Diego prohibits retaliation made against any employee, volunteer, board member or patient who reports a good faith complaint of sexual abuse or who participates in any related investigation. Making false accusations of sexual abuse in bad faith can have serious consequences for those who are wrongly accused. Our Agency prohibits making false and/or malicious sexual abuse allegations, as well as deliberately providing false information during an investigation. Anyone who violates this rule is subject to disciplinary action, up to and including termination.

Investigation and Follow Up:

Signal Health Group of San Diego will take all allegations of sexual abuse seriously and will promptly and thoroughly investigate whether sexual abuse has taken place. The organization will use an outside third party to conduct an investigation. If the organization has a trained internal investigation team in place, the team will be used to investigate the incident. We will cooperate fully with any investigation conducted by law enforcement or other regulatory agencies. It is the organization's objective to conduct a fair and impartial investigation. The Agency provides notice that they have the option of placing the accused on a leave of absence or on a reassignment to non-patient contact.

The organization will make every reasonable effort to keep the matters involved in the allegation as confidential as possible while still allowing for a prompt and thorough investigation.

ILLEGAL DRUG ABUSE / ALCOHOL ABUSE

This policy is implemented because we believe that the impairment of any of our Agency's employees, due to his or her use of illegal drugs or due to alcohol abuse, is likely to result in the risk of injury to patients, other employees, the impaired employee, or to third parties, such as customers or business guests. Moreover illegal drug abuse adversely affects employee morale and productivity.

"Impairment" or "being impaired" means that an employee's normal physical or mental abilities or faculties while at work have been detrimentally affected by the use of illegal drugs or alcohol.

The employee who begins work while impaired or who becomes impaired while at work is guilty of a major violation of company rules and is subject to severe disciplinary action. Severe disciplinary action can include suspension without pay, dismissal or any other penalty appropriate under the circumstances. Likewise the use, possession, transfer or sale of any illegal drugs on company premises or in any Agency storage area or job site is prohibited. Employees who violate this rule are subject to severe disciplinary action including termination. In all instances disciplinary action to be administered shall be at the sole discretion and determination of the company.

When an employee is involved in the use, possession, transfer or sale of illegal drugs in violation of this policy, the company may notify appropriate authorities. Such notice will be given only after such an incident has been investigated and reviewed by the employee's supervisor and the HR director. Our Agency is aware that illegal drug abuse is a complex health problem that has both physical impact and an emotional impact on the employee, his or her family, and social relationships. A drug abuser is a person who uses illegal drugs, as defined above, for non medical reasons, and this use affects job performance detrimentally or interferes with normal social interaction at work. Illegal drug abuse is both a management and a medical problem.

A supervisor/manager who suspects a drug or alcohol abuse case should discuss the situation immediately with his or her Administrator. Because each case is usually different, the handling and referral of the case must be coordinated with the supervisor/manager and the personnel director.

Applicants who have a past history of substance abuse (SA) and who have demonstrated an ability to abstain from the substance, or who can provide medical assurance of acceptable control, may be considered for employment as long as they are otherwise qualified for the position for which they are applying. The Home Health setting is more problematic for past/present history of SA as elders frequently have many medications in their home and Home Health workers generally are alone in the home with the patient increasing the temptation factor. Due to this aspect of our industry, our Agency must have more than the usual "medical assurance of control" over SA. Our Agency will not schedule a worker with a history of SA for 6 months after "medical assurance of control" over SA is received by our office. In this case, the employee enters an unpaid leave of absence status until the 6 month benchmark is achieved. The assignment of cases at this point will occur once a second "continued medical assurance of control" over SA is received by the employee's private MD. Our Agency does not pay for medical care to achieve the status of "medical assurance of control" over SA.

Management has chosen to adopt an alcoholic beverage policy in keeping with the concern for and the risks associated with alcohol use. Alcoholic beverages shall not be served or used on the Agency's premises at any time. Alcoholic beverages shall not be used in conjunction with any company business meeting. Our Agency enforces strict policy related to alcohol and its patients:

1. employee may not purchase alcohol for any patient of any age group
2. employee may not engage socially with an Agency patient at a function where alcohol is being served
3. employee may never function in the capacity of "designated driver" for a patient

Social activities held off-premises and paid for on a personal basis are not affected by this policy. If management considers it appropriate, light alcoholic beverages may be served at company-sponsored events held off-premises and for purely social reasons. The service must be managed in good taste and with good judgment.

The company is concerned with its employee's privacy, especially when matters regarding medical and personal information are involved. As long as the information is not needed for police or security purposes, the company shall maintain employee medical and personal information in confidence and release this information to authorized company personnel on a "need to know" basis. An exception to this policy is when the employee signs a release for the transfer of such information on forms acceptable to the company to designated persons or agencies.

Nothing contained in this section shall eliminate or modify the company's right to terminate any employee at any time for any reason.
